# Family Owned \* Community Involved \* Quality Driven

We are not cutting corners or getting some cheap stuff from a discount place for this Food / School Supplies Drive! We take great pride in our work and will not jeopardize quality. These are the same brake pads we offer every day as an inexpensive option and they come with a 12 month - 12,000 mile warranty.

**What is not free? You may ask:** *Here's all the "small print" . . .*  
Any other work or parts that might be needed, for example: replace or machine rotors, replace brake hoses or wheel cylinders, repair parking brakes, service calipers, flush brake fluid and so on.

**ALERT!**

We've learned from past years that our schedule will be very, VERY full so please call in advance.

... And most importantly; PLEASE help us support our neighbors in need by bringing us supplies!

**In the past, we gave away over \$23,900 in FREE Brakes!**

Many of you (our friends / clients and neighbors) enjoyed our FREE brakes Drive, AND the FOOD SHELVES appreciated over 8,000 lbs. of food & thousands of dollars in school supplies (in a single year)!
